CORE COMPETENCIES

Manual

Automation

Python

Postman

JIRA

PyCharm

Linux

Storage

DAS,NAS,SAN

NFS, iSCSI

Putty

Test Report

PROFILE SUMMARY

Software QA Engineer with 1+ year of experience in storage systems testing and Python-based automation. Hands-on experience in **TrueNAS** testing, **NFS** protocol validation, **RAID** configurations, and **Linux** environments. Skilled in **manual** and **automated** testing, **defect analysis**, **root-cause analysis**, and **Python scripting**. Well-versed in **SDLC**, **STLC**, and **Agile practices**.

Good experience in **Functional** and **regression testing.** Experience in logging defects using **JIRA**, performed defect tracking and reporting.

Expertise in Storage Architectures **NAS, SAN** and good exposure on file and block level protocols such as **NFS** and **iSCSI.**

Performed end-to-end validation across major file protocols (**NFS**) ensuring reliability, correctness, and performance of storage features.

AI-Powered Coding: Utilizes **AI-Tools** to accelerate script writing and improve productivity in automation development.

Expertise in performing different types of Testing: **Black Box, Smoke, Sanity, Functionality,** and **Regression Testing.**

ACADEMICDETAILS

- B.E (Computer Science Engineering) : Visveswaraya Technological University.
- Institute : SJC Institute of Technology.
- Year of passing : 2025

- Puc (PCMB) : Vidyanidhi Independent Pu College
- Year of passing : 2021

ORGANISATIONAL EXPERIENCE

- Worked as Software QA Engineer at Sttarkel Technologies, Bangalore from October 2024 to till date.

IT SKILLS

- **Operating systems:** Windows, Linux.
- **Programming Languages:** Python.
- **Testing Skills :** Manual and Automation Testing.
- **Testing Tools:** Automation Framework, Python, PyCharm, CLI.
- **Test Execution and Management Tools:** Pycharm, Postman, REST APIs, Putty, WinScp.
- **Tracking Tools:** JIRA.
- **Other Practices:** Agile Methodology.

PROJECTS

Testing TrueNAS Features:

Tools & Technologies: TrueNAS (FreeNAS), NFSv3/v4, ZFS, Python, Linux (Ubuntu/RHEL), Shell scripting, Git, Jira, Postman, REST APIs.
Role: Manualand Automation tester.

Description: TrueNAS (formerly FreeNAS) is a software-defined storage appliance supporting both file- and block-level protocols. This project focused on validating and automating the core storage features of TrueNAS, **with a special emphasis on NFS protocol testing**, automation frameworks, and performance improvements.

Roles& Responsibilities:

- Designed and executed **manual and automated(predefined test cases) test cases** to validate TrueNAS storage functionalities including:
  - NFSshare creation and validation and Storage pool and dataset configuration.
  - Permissions, mount/unmount scenarios, locking behavior.
- Measured **latency and throughput variations between ZIL-only and ZIL+SLOG** configurations.
- Simulated and validated **data integrity** and **snapshot consistency.**
- **Experienced in testing RAID configurations** (RAID 0, RAID 1, RAID 5, etc.) for **performance, redundancy, and fault tolerance** in storage.
- Worked on **TrueNAS WebUI and API testing** to ensure full features.

AInode :

Role: Manual and Automation tester.

Description: AInode is an AI-powered web platform designed to streamline placement processes. I was responsible for end-to-end QA activities including Functional testing, Regression testing and automation of functional flows.

Roles& Responsibilities:

- Involved in preparing test plans, test strategies, and identifying high-risk modules.
- Designed and executed comprehensive manual test cases covering UI, workflows.
- Automated functional and regression test suites using Python.
- Collaborated closely with developers to track bugs and analyses root causes.
- We also used tools like Postman and swagger for manual API testing and JSON payloads to interact with the AInode APIs.

PERSONAL DETAILS

Nationality	: Indian
Gender	: Male
Languages	: English, Kannada, Telugu, Hindi
Communication Address	: Maruthi Nilaya, behind HP petrol bunk, near KL ring view apartment , Chowdeshwari Nagar, Muniswara Nagar, Hegganahalli, Bengaluru, Karnataka 560058

DECLARATION:
I hereby declare thatthe information furnished above is trueto the best of my knowledge.

Place: Bangalore **Vijeth E**
